AUTHORISED
SERVICE NETWORK
IN CHINA

CASA owns and operates state-of-the-art facilities in major ports of loading across China. We use our sound expertise in warehousing and inventory management with the aim of providing high-quality and cost-effective performance to our clients.

In addition, our company incorporates ocean, air, and land carriers in our diverse delivery solutions in order to fulfill the unique requirements of each and every client. By means of intermodal transportation, we offer maximum flexibility in routing for cargo distribution at a reduced transit time and a lower cost.

The service of buyer's consolidation is also available from us. We co-ordinate the collection of different goods from various suppliers, combine them into full container loads, and deliver them to our client. This service enables the client to lower freight costs, shorten transit time, and reduce the number of shipments. With years of rich experience, we can handle the work in a most efficient manner and ensure on-time delivery of the cargoes to the proper destination in good condition.

We fully utilize a global network of agents to provide optimal logistics solutions for our multi-national clients in major cities around the world. They don't have to spend countless hours on organizing the shipment of their goods. We can relieve them from such a heavy burden by arranging the transportation along the speediest route at the lowest possible cost.

GLOBAL CONSISTENCY IN EXECUTION OCEAN FREIGHT

CASA has earned an enormous reputation in ocean freight forwarding, which can be attributed to its excellence in the following aspects.

We provide a wide variety of services for sea freight shipment to satisfy every conceivable business need like full container loads (FCL), less-than-container loads (LCL), and cargo consolidation. Our solid network covers the major ports of trade in Europe, East Mediterranean, West Mediterranean, the USA, and North Africa. This extensive network makes it possible for us to facilitate the flow of your goods from the point of origin and to the point of delivery by sea on a worldwide basis. The possession of full and modern sea freight facilities is one of the characteristics of our company. By means of them, we are able to manage the entire ocean forwarding process most reliably and efficiently for our clients.

You can also benefit from our established relationship with the leading sea carriers across the globe,

including APL, CHINA SHIPPING, CMA, HANJIN, HYUNDAI, MAERSK, MSC, UASC, YANGMING, ZIM and others. After determining the freight needs such as the routes, the size of the loads, the frequency of shipments, and any special requirements, we take it up as our responsibility to negotiate the best possible freight cost for our clients -- both global and local ones. Apart from this, it is certain that we can ensure the availability of necessary cargo capacity and protection from these carriers.

We are dedicated to looking after the interests of our VIP clients with great care. Close attention is given to their needs. The VIP Team of our company tailors every detail to accommodate them so as to handle their daily shipments promptly, capably, and professionally. Besides, our well-developed and experienced operational team offers smooth end-to-end freight movement to our clients with the unrivalled promise of speed, value, flexibility, and reliability.
